“ I'll always remember my uncle as the fun loving, free spirit we all knew and loved. He was always able to make me laugh with his crazy dance moves and his cheesy grin. We had plans for the new year, and he almost made it. Unfortunately he won't be there to live out our plans. It is a tragedy that we will no longer create future memories together, but I will forever cherish the memories we've made throughout the years. Hearing about his youth from his brothers and sisters has helped me appreciate his life and relationship with the family. I only wish I could've asked him more about his life while he was still with us. I last saw my uncle on December 5th, 2018. This is now my last and most precious memory of him. I am so grateful that I was even able to spend one moment with him. Family is everything and though our world was a happier one when my uncle was here to share it with us, it is comforting to know he is not in pain but resting in peace.

“ Thank you for everything you did for me and my loved ones. We will never forget you. Your life was well lived and we'll see you on the other side. Prepare a place for us in heaven.
